GOOD ROADS!

We are for good roads. They are a county's best asset. We know of no better way of spending money than improving the roads. New York Stato has appropriated fifty million dollars more to be spent on their roads. They have already spent over fifty million dollars. Everybody that can vote should vote to improve the roads of Mason county. However, at present, if the roads are a little rough, it will pay you to get a few bumps, by coming now direct to the Big Store. You may receive a few bumps in your buggy but you will receive no bumps here. Our stocks are complete in EVERY department and all roads lead to the Bee Hive.

SETTLEMENT CLUB

And Social Hour at The City Mission
—How Miss Maxon Will Entertain The Children.

Much interest is being aroused by the work of the newly organized Settlement Club, which is an auxiliary to the Board of Managers of the City Mission. The membership is as follows:

Miss Elizabeth Barbour, President; Miss Lucy K. Browning, Secretary and Treasurer; Miss Hilda Threlkeld, Miss Lucy Baldwin, Mrs. George W. Owens, Misses Dobyns, Miss Marie Rains, Miss Mildred Rains, Miss Annabel Levi; Mrs. Quigley, Mrs. Eugene Merz, Miss Biggers, Miss Margaret Maxon, Miss Hanselman, Miss Howard Hart, Miss Armstrong, Miss Margaret Owens, Miss Thelma Kirk, Mrs. Howard Hart, Mrs. Walter Worthington, Miss Ellen Cochran, Miss Sallie Milton Hall.

Realizing that the City Mission needs a club-room which may be used for small gatherings in place of the large service hall, the Settlement Club has undertaken to furnish the small room on the first floor of the City Mission for this purpose, and already their workmen have accomplished great changes in its appearance. When complete this room will be used for social purposes, for the Story Hour, and for the Monday and Wednesday night Study Hour. The Study hour, which is held at 3:30 every Thursday afternoon, is attracting many children. At this time Miss Maxon relates Greek myths, historical instances, legends, and hero and fairy tales. She feels that something of this sort is needed, needed in Maysville and that it will not only give a great deal of pleasure to the children, but be of help to them as well. All children are invited to attend and Miss Maxon will be glad to welcome parents or any others desiring to get an idea of the work.

SMALL BLAZE.

The alarm of fire this morning about 9 o'clock was caused by a slight blaze in the kitchen at the home of Bettie Hayes in East Fourth street. The Maysville Fire Department quickly responded but the blaze was extinguished when they arrived. The fire was caused by a defective flue. Damage about \$25.

Bourbon "Wet" and "Dry" Case Up To Court of Appeals.

Paris, Ky., Oct. 27.—Before the Bourbon County Contest Board yesterday the attorneys for the "wets" entered a motion to quash the notice and grounds of contest filed by the "drys" contesting the election held in Paris Saturday, September 26, two days before the county election, at which the county as a whole voted "dry," the contention of the "wets" that as the notice of contest was filed by the "drys" before the vote was canvassed and before the certificate of the Canvassing Board was filed in the County Clerk's office, the action of the "drys" was taken prematurely and was therefore null and void. The Board of Contest overruled the motion, and the case will go to the Court of Appeals. In the contest over the "dry" election, held on September 28, both sides asked for and were granted further time to make depositions.

"DR." COOPER ARRESTED.

(Paris News.)

"Dr." Lee T. Cooper, who was in Paris several days with a patent medicine show on the public square, was arrested in Lexington, Friday night, on a warrant sworn out by Dr. L. C. Redmon, Secretary of the Fayette County Medical Society, charging him with selling medicines and nostrums without a State medical license. The warrant was sworn out at the instance of Dr. A. T. McCormick, President of the State Board of Health.

"Dr." Cooper was taken before Justice Charles Dodd and gave bond in the sum of \$100, with J. A. Edge as surety.

When informed that the State license cost \$100 Cooper produced the money, but was informed that he would have to send his medicines to Dr. McCormick for analysis before a permit could be granted him.

Much excitement was created by Cooper's denunciation of the medical profession in Kentucky in general and he said that if he were arrested he would remain in the State and see that the law regarding itinerant doctors is changed by the next legislature.

your part of the hundred million dollar "tax" with a grin on your face. You soon will have a chance to vote for Republican Congressmen. Republican Congress will mean that foreign goods sent into this country will have to pay a fair price for that privilege and with the ease of revenue from the tariff will come a release in the shortage of the Government. Keep your mind.—Preston Republican.

In his Louisville speech, Mr. Bryan said: "The democratic tariff law gave the consumers of the country relief." Unfortunately, he did not tell us that it gave them relief from. Certainly not from the high cost of living so eloquently promised in 1912. If any Kentucky voter can think of anything the new tariff law relieved him from, unless it was his job, let him stand till counted.

WAR GIVES ONLY A RESPITE

When It Shall Have Ended Our Need Of a Protective Tariff Will Be Greater Than Ever.

At the port of New York exports have been picking up since the third of August. In that week they fell to the low point in years, amounting to only \$8,400,000. Before the war broke out they had fallen to between \$14,000,000 and \$15,000,000.

The record for the week ended September 26 shows recovery to \$20,032,132. Figures of imports for that week: not yet available, but it is believed that they will show no material recovery from the decrease of recent weeks.

Thus it is shown that the war has had the effect of temporarily suspending the effects of the Democratic low-Tariff law—increased imports and decrease of exports, and consequent dwindling of the balance of trade favor of the United States. Foreign manufacturers are unable, for the present, further to avail themselves of the advantage over domestic producer which the Democratic party donated them. Their productive capacity has been greatly diminished. Consequently the home demand for things produced in America will likewise increase.

But after the war is ended the effects of the low-Tariff law, which had come strongly into evidence before the war broke out, will appear again, and they will steadily grow unless in the meantime a Republican majority has been elected to the House of Representatives, and thus notice is given to foreign manufacturers that they must not expect that the Tariff law which a Democratic Congress enacted for their benefit, and a Democratic President signed, will be left in operation beyond the time when it will be possible for the American people to restore to power the Republican party, which will then proceed to give back to American industries and American labor the protection to which they are entitled.

The war gives only a respite from the effects of the low-Tariff law. For permanent relief there must be repeal of the present law and such revision of the Tariff as will take into due account the difference between the cost of production at home and abroad.—Albany (N. Y.) Journal.

WHY THE YOUTH'S COMPANION SHOULD BE IN EVERY FAMILY.

"If I could take only one paper," said the late Mr. Justice Brewer of the Supreme Court, "it would be the Youth's Companion—a little of everything in a nutshell, and unbiased." The Companion is a family paper in the completest sense. It provides reading that, without failing to interest the young, still interests the mature. It unites young and old through their common enjoyment of delightful fiction, agreeable miscellany, and the clear exposition of public questions.

So carefully is it edited, so varied are its contents, that it would easily supply a family with entertaining fiction, up-to-date information and wholesome fun, if no other periodical entered the house.

If you are not familiar with The Companion as it is today, let us send you sample copies and the Forecast for 1915.

New subscribers who send \$2.00 for the fifty-two issues of 1915 will receive free all the remaining issues of 1914, besides a copy of The Companion Home Calendar for 1915.

SPEAKER CLARK WAS AGAINST WAR TAX.

The following letter from Speaker Champ Clark in regard to the War Tax, is self-explanatory:

The Speaker's Rooms, House of Representatives, Washington, D. C.

Mr. F. Chauncey, Cashier, Foristell, Missouri.

My Dear Mr. Chauncey—As far as I am concerned, I did everything that I knew how to prevent this special war tax bill from being brought up until after the election, so that we could see by that time whether we needed it or not.

The bill has already gone to the Senate—out of the hands of the House, so that you had better write to Senators Stone and Reed.

It looks like we are stuck here until the fourth of March. If that is so, I will not be able to get home at all to take any part whatsoever in the campaign, and will have to depend entirely on my friends for re-election except what little I can do from here.

Your friend,
CHAMP CLARK.

EIGHTY-NINE DELEGATES

Mostly From Southern States Will Be
Dropped From Next Republican
National Convention.

New York, Oct. 25.—A bitter fight
waged since 1880 to reduce the rep-
resentation of Southern States in Repub-
lican National Conventions has been
won. Charles D. Hilles, chairman of
the Republican National Committee, an-
nounced today that call for the con-
vention of 1916 would be on the new
basis, which reduces the number of de-
legates by eighty-nine. Most of this loss
falls on the South.

The plan proposed at the annual
meeting of the National Committee in
Washington last December was made
effective, Mr. Hilles said, through its
ratifications by conventions in States
which cast a majority of votes in pre-
sent electoral college, a condition to its
adoption stipulated by the committee.
Every state convention held since last
December assented to the plan except
Texas, which rejected it. The States
which adopted it cast 290 of the total
of 531 votes in the electoral college, or
twenty-four more than a majority. Ap-
proval was given by conventions in
Arkansas, California, Colorado, Con-
necticut, Idaho, Illinois, Indiana, Maine,
Massachusetts, Michigan, Missouri, New
Jersey, New York, North Carolina,
Ohio, Oklahoma, Rhode Island, South
Carolina, Tennessee, Vermont, Wash-
ington and West Virginia.

In the next National Convention the
delegation of Alabama will be reduced
by eight, Arkansas by three, Florida by
four, Georgia eleven, Louisiana eight,
Mississippi eight, New York two, North
Carolina three, South Carolina seven,
Texas sixteen, Virginia eight, Hawaii
four, Porto Rico two and Philippine
Islands two.

"The plan," said Chairman Hilles,
"will eliminate conflicts between the
rules of the party and the laws of sev-
eral States, and will reduce the number
of contesting delegations. The system
of unequal numerical representation,
against which many States constantly
contended, was the legacy of years and
of political custom, and therefore not
in any way identified with the conven-
tion of 1912."

A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by
Lydia E. Pinkham's Veg-

Euphemia, Ohio.—"Because of total
ignorance of how to care for myself
when verging into womanhood, and from
taking cold when going to school, I suf-
fered from a displacement, and each
month I had severe pains and nausea
which always meant a lay-off from work
for two to four days from the time I
was 16 years old.

"I went to Kansas to live with my sis-
ter and while there a doctor told me of
the Pinkham remedies but I did not use
them then as my faith in patent med-
icines was limited. After my sister died
I came home to Ohio to live and that
has been my home for the last 18 years.
"The Change of Life came when I was
47 years old and about this time I saw
my physical condition plainly described
in one of your advertisements. Then I
began using Lydia E. Pinkham's Veg-
etable Compound and I cannot tell you
or any one the relief it gave me in the
first three months. It put me right
where I need not lay off every month
and during the last 18 years I have not
paid out two dollars to a doctor, and have
been blessed with excellent health for a
woman of my age and I can thank Lydia
E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I
have been a maternity nurse and being
wholly self-supporting I cannot over-
estimate the value of good health. I
have now earned a comfortable little
home just by sewing and nursing. I
have recommended the Compound to

GOV. WILLSON IS EXPECTED TO CARRY FAYETTE COUNTY

Beckham Is Not Particularly Popular
There Because His Adherents Are Re-
sponsible For the State Fair Being
Taken Away From Lexington and Lo-
cated in Louisville.

DR. BEN L. BRUNER'S NAME CON- NECTED WITH NEXT GOVERNORSHIP

(Lexington Leader.)

With the election only ten days off
much speculation is being indulged in
here as to how Lexington and Fayette
county will "go" in the long-term Sen-
atorial race between the two ex-gov-
ernors, Willson and Beckham.

Well-posted politicians hereabouts
who are adept at forecasting which
way the wind is blowing the political
straws, whether they be Democrats or
Republicans, shake their heads dubious-
ly when mention is made of Beckham
carrying the county, and in fact there
is such little Beckham enthusiasm here
that it is conceded by some Democrats
that he will not have a "look-in."

On the other hand, the Republicans
confidently predict that Willson has the
best of the situation, and will poll more
votes in Lexington and Fayette county
than his Democratic opponent. It is
cited that Mr. Beckham is not popular
with Fayette county Democrats, who
hold it against him that the State Fair
was taken away from Lexington and
removed to Louisville by Beckham ad-
herents. Again it is cited that he is

"the temperance candidate," which is
repugnant to many of the voters who,
as was shown in the recent local option
election, favor the "wet" instead of the
"dry" side of this controversy.

Add to this the fact that some of the
most powerful of the local Democratic
leaders have never been ardent sup-
porters of Mr. Beckham in the past and
are not now, and it will be readily seen
that there is good reason for the lack
of enthusiasm over his candidacy, which
is one of the noticeable features of
the campaign here. In fact, judging
from the expressions of the "boys in the
trenches," who are the ones who do the
voting, Mr. Beckham has a very slender
following in Fayette county, and the
prediction is freely made that he will
not carry the county, but that Gov-
ernor Willson will get a surprising-
ly large vote, enough to insure him a
safe majority here over Mr. Beckham.

Usually Fayette county rolls up a
Democratic majority of from 1,200 to
1,500, but those who have been making
a careful survey of the situation insist
that this time the Republicans will
turn the tables on the Democrats and
that Mr. Willson will walk away with a
comfortable majority of the votes cast
here. Those who are prone to betting
on elections are said to be shy about
taking the Beckham end of the wager
which is another pretty good criterion
of what may be expected.

Dr. Ben L. Bruner, of Louisville,
spoke to a good audience in the Court-
house at Beattyville Friday afternoon,
and injected a lot of enthusiasm into
the campaign in Lee county. Captain
J. M. Beatty, the veteran Republi-
can leader of Lee county, was Chairman of
the meeting, and Judge H. L. Wheeler,
the county campaign chairman, intro-
duced Dr. Bruner to the audience.
The workingmen of Beattyville and
vicinity, like their fellows in other
sections of Eastern Kentucky, are feel-
ing the effects of the Democratic ad-
ministration's war on industry and they
will take particular pains to register
their protests at the polls November 3.
Speaking of Dr. Bruner, gossip is be-
ginning to connect his name with the
Republican gubernatorial nomination
next year. His friends believe he will
prove a winning candidate, largely on
account of his connection with the
leading business interests of the Falls
City.

Ex-Governor Augustus E. Willson,
Republican nominee for United States
Senator, is receiving a most enthusiastic
reception on his speaking tour in the
towns up the C. & O., east of Lexing-
ton. Friday he addressed the voters of
Clark county at Winchester, the crowd
filling the Court House and giving him
most earnest attention. Judge L. Le
Bristow, Republican nominee for Con-
gress in this district followed Governor
Willson, making an excellent impres-
sion. From Winchester, Governor Will-
son went to Olive Hill, where he ad-
dressed a large crowd of working people
at that industrial center Saturday af-
ternoon, and last night the voters of
Montgomery county turned out en-
masse to hear him at Mt. Sterling in
the interest of his candidacy. Gov-

ernor Willson is making as active and
as energetic campaign as he did when
he ran for Governor seven years ago
and was elected, and he is as confi-
dent now as he was then.

The Democratic State Campaign
managers, who are evidently frightened
at the apathy in the party throughout
the State, are now imploping United
States Senator Ollie M. James to drop
everything and to come over in Mace-
donia and help save the State for
Beckham. Senator James has not yet
hearkened to the S. O. S. signal, but
it is expected that he will, and upon
the hope that he will State Chairman
Rhea and his assistants have been busy
ing dates for the whirlwind speaking
"Democratic Special" train and mak-
ing dates for the whirlwind speaking
campaign in which "Big Ollie" is ex-
pected to stir up the animals with his
lurid brand of oratory and make a last
final effort to get out the vote. It is
planned to have this special leave
Louisville next Wednesday morning
with Senator James, Senator Camden,
Governor McCreary, Lieutenant Gov-
ernor McDermott, Attorney General
Garrett and other leading Democrats
on board, and swing through Western
Kentucky for two days, and during the
remainder of the week make a similar
vote-getting expedition to Central and
Eastern Kentucky. Senator James will,
of course, be the chief spell-binder on
the "special," but the others will, of
course, take a turn at the bellows as
occasion demands. But from reports
that come from the provinces it will
take more than campaign oratory to
rally the apathetic and disgruntled
voters to the Beckham standard.

Hon. Ed. P. Morrow will speak at
Versailles Thursday afternoon at 1
o'clock in the interest of the Republi-
can ticket. Judge Bristow, the Re-
publican nominee for Congress, will be
present and have something to say.
Judge Bristow will also speak at La-
Grange Monday afternoon.

Congressman A. Owsley Stanley is
a versatile genius, and evidently be-
lieves in the time-honored adage,
"When in Rome Do as the Romans
Do." It will be recalled that it has
not been a great while ago by the al-
manac since Honorable Mr. Stanley was
parading over the State with his mega-
phone voice telling the voters what a
misfit Governor Beckham had been and
what an awful calamity it would be to
the State of Kentucky and the Demo-
cratic party to send him to the United
States Senate. And the funny part
about it was he found many people
ready to believe what he said and ap-
plaud his utterances to the echo. As a
proof of his marvelous versatility of
talent this same Honorable Mr. Stanley
down at Carrollton last Monday took
the stump and lauded Mr. Beckham and
the whole Democratic ticket and an-
nounced that he was for Mr. Beckham
"tooth and toenail." Mr. Stanley is
entitled to not only the cake, but the
entire bakery as a political acrobat.

That the Progressives are "coming
back home" to the Republican party,
as Governor Willson has found in his
recent speaking tour of the State is
further evidenced from this paragraph
from the Louisville Times, which is a
dyed-in-the-wool Democratic paper, and
would be only too glad to chronicle a
division in the ranks, if such actually
existed. "What is Left of the Bull
Moose movement in Kentucky seems to
be going to pieces so fast that it would
not be surprising, according to well-
informed political 'dopesters,' to see
the remnant of the 'antlered' outfit
desert their 'party' before election
day. Some few of the Moose hate the
Republicans so much that to get even
they will vote the Democratic ticket,
but the most of the erstwhile Roosevelt
followers are expected to be found
singly ensconced within the 'log
cabin' when the 'blow-off' comes on
November 3. In this they are not fol-
lowing the Democratic campaign man-
agers a little bit, for they have antici-
pated such a move for some time and made
their fight accordingly."

Bourbon county, Kentucky, covets
the honor of furnishing President
Woodrow Wilson his Thanksgiving
turkey, judging from the following ad-
vertisement which appeared yesterday
in the columns of the Paris Democrat:
"Wanted—The largest young turkey
gobbler in Bourbon county for Presi-
dent Wilson's Thanksgiving dinner.

WISHED SHE
COULD DIE

And Be Free From Her Troubles,
but Finds Better Way.

Columbia, Tenn.—"Many a time,"
says Mrs. Jessie Sharp, of this place,
"I wished I would die and be relieved
of my suffering, from womanly troubles.
I could not get up, without pulling at
something to help me, and stayed in bed
most of the time. I could not do my
housework.

The least amount of work tired me
out. My head would swim, and I would
tremble for an hour or more. Finally I
took Cardui, the woman's tonic, and I
am not bothered with pains any more,
and I don't have to go to bed. In fact,
I am sound and well of all my troubles."

Cardui goes to all the weak spots and
helps to make them strong. It acts with
nature—not against her. It is for the
tired, nervous, irritable women, who feel
as if everything were wrong, and need
something to quiet their nerves and
strengthen the worn-out system.

If you are a woman, suffering from any
of the numerous symptoms of womanly
trouble, take Cardui. It will help you.

SAFETY FIRST

There's a sage farmer not many miles from this town, who once told us this sure formula to tell a mushroom from a toadstool.

"If you live, it's a mushroom."
There's a similar element of risk in the buying of cheap clothes. It is all a question of whether you want to risk \$12 or \$15 on a chance, or invest \$18, \$20 or \$25 on a certainty.

At the live store we can sell you a \$15 suit as good—and probably better—than you can get anywhere else in this country.

You need never worry about discovering—too late, alas—that your mushroom was, in fact, a toadstool.

And to make assurance doubly sure, this store stands behind their clothes with a guarantee that insures your lasting satisfaction or your money back without a quibble or a frown.

A WARNING TO MANY

Some Interesting Facts About Kidney Trouble.

Few people realize to what extent their health depends upon the condition of the kidneys.

A physician in nearly all cases of illness, makes a chemical analysis of the patient's urine. He knows unless the kidneys are doing their properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or used in any way, serious results are to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913, in the State of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.

WHAT IS THE PURPOSE OF THE GOOD ROADS LAW?

The last session of the Legislature passed an act intended to give the State a uniform good road system, the same as Ohio, New York, Pennsylvania, and other States have done. Its object was to connect the various County seats with good roads first. For this purpose it levied a tax of 5% on all the taxable property in the State, this tax with the automobile license amounted this year to \$800,000.00. No County can get more than 2% of this fund or \$12,000.00 this year. Whether we in Mason County take advantage of this State aid or not we must pay the 5% tax of \$6,000.00 per annum into this fund to build roads in some other county just the same.

What would be the probable cost to the tax payers of Mason County in the event the bond issue carried?

THIS PLAN PROPOSED FOR MASON COUNTY OF USING THE STATE'S MONEY, \$12,000.00 PER ANNUM TO PAY OFF THE BONDED INDEBTEDNESS SHOULD NOT COST THE TAX PAYER ONE PENNY ADDITIONAL TAXES, AND THE BONDS SHOULD ALL BE RETIRED IN 25 YEARS AND LEAVE A BALANCE.

What has the Fiscal Court to do with expending this money? When the Fiscal Court passed the resolution providing for a Bond Issue of \$200,000.00 they signified their willingness to permit the Good Roads Department of the State to step into Mason County and build these roads, for the State under this law would not provide one penny of State money for building roads, unless the State had entire charge of the proposition. The State provides which roads shall be improved; the character of construction; superintends the letting of contracts; appoints the inspectors and finally receives the work.

What becomes of our present road levy? Mason County's regular road levy of \$29,000.00 will go to improve the side roads leading to these four Main Roads in the event the BOND ISSUE CARRIES.

What are the chances of this State aid fund diminishing? In the event that every County in the State were to accept aid under this law, the \$600,000.00 for this year would have been divided among the 120 counties giving to each about \$5,000.00. If however, as is the case only enough counties apply to take up \$100,000.00 of the fund the balance or \$500,000.00 and the 2% of this amount will amount to over \$20,000.00, so the counties that take advantages early will be the gainers to that extent.

Why don't all the Counties take advantage of this Good Road fund? There are about 20 Counties that have no road fund and they can't take advantage of it. Then there are about 20 more Counties that have road funds of about \$5,000.00 and it would not be practical for them to vote for the Good Road proposition and give Mason County the best system of Roads in the State.

GOOD ROADS MEAN BETTER SCHOOLS, BETTER CHURCHES, BETTER LANDS, MORE ENLIGHTENMENT AND GENERAL PROSPERITY FOR ALL.

MURDER MYSTERY CLEARED; CASTOE COMMITTED SUICIDE; VERDICT OF CORONER'S JURY.

Newport, Ky., Oct. 26.—A mystery as profound as the famous Pearl Bryan murder of years ago, was cleared late this afternoon by a coroner's jury investigating the death of M. A. Castoe, 55 years old, a prominent Cincinnati engineer, who was found dying late Thursday afternoon on a pike south of this city.

The jury returned a verdict that Castoe had committed suicide.
Miss Nellie Hilton, 30 years old, Castoe's stenographer, was with Castoe when the latter was found. While in a hysterical condition, she declared that "tall man" had done the shooting. To day on the witness stand she said she did not know how Castoe was shot. Castoe, on his deathbed, said he shot himself.

Miss Hilton, who was held as a witness for the coroner's jury, was released as soon as the verdict was announced.
Castoe has a widow and one son living in Columbus.

MURDER MYSTERY CLEARED; CASTOE COMMITTED SUICIDE; VERDICT OF CORONER'S JURY.

Newport, Ky., Oct. 26.—A mystery as profound as the famous Pearl Bryan murder of years ago, was cleared late this afternoon by a coroner's jury investigating the death of M. A. Castoe, 55 years old, a prominent Cincinnati engineer, who was found dying late Thursday afternoon on a pike south of this city.

The jury returned a verdict that Castoe had committed suicide.
Miss Nellie Hilton, 30 years old, Castoe's stenographer, was with Castoe when the latter was found. While in a hysterical condition, she declared that "tall man" had done the shooting. To day on the witness stand she said she did not know how Castoe was shot. Castoe, on his deathbed, said he shot himself.

Miss Hilton, who was held as a witness for the coroner's jury, was released as soon as the verdict was announced.
Castoe has a widow and one son living in Columbus.

DECLARES COFFEE HELPS IN MAKING ALCOHOLICS

W. C. T. U. Doctor Says Drunkenness Is Often Caused By Children Drinking Tea And Coffee.

In its fight for prohibition the National W. C. T. U. is now considering some of the feeders of the alcohol appetite. Two of the most common of these feeders, almost universally disregarded in this connection, are tea and coffee, avers Dr. Charlotte Abbey, superintendent of the New York Woman's Directory of the W. C. T. U.

"Drunkenness," says Dr. Abbey, "is the result of the children drinking tea and coffee, by which the nerves are continually stimulated until a craving for something stronger is formed. Children should be taught the danger of this in the schools, as parents are too apt to disregard the importance of it. Tea and coffee are just as harmful to children as alcohol is to grown-ups."

"The thing for parents to do," says Dr. E. A. Peterson, Medical Director of the Cleveland public schools, "is to keep coffee and tea out of the reach of our little citizens. The most unkind thing a mother can do is to place a cup of coffee before her child."

NOTE.—The rapidly increasing sale of the pure food drink, INSTANT POSITUM, now extensively used in place of coffee, seems to indicate a very general awakening on the part of the American people to the dangers of coffee drinking.

If lack of taste were a criminal offense most of us would be in the penitentiary.
